Subject: RE: Hazardous trees on Chamberlain property

Hi Noel,

Yes, I will check with Steve. In order to finalize it, we need your confirmation of the information you provided earlier:

NexGen will use 6-wheelers, high-sided dump trucks (approx. capacity 11 c.y.), which are smaller than the standard 8-wheeler super dump trucks (approx. 15 c.y.) and can better navigate the residential streets.

Thanks

CAUTION: This email originated from outside of San Mateo County. Unless you recognize the sender's email address and know the content is safe, do not click links, open attachments or reply.

Thanks Camille,

Yes on a few times. I will have Bob stop by in the morning.

I did not hear back from Steve during your absence, do we have approval of the agreement that you drafted? Again I really appreciate you drafting it.

I will update after we reach out to the home owner.

Thanks,
Noel

A copy of your reply on 8/21/19 below. Chamberlain never contacted me regardless of what he said nor has anyone else . I feel that the county of San Mateo has ignored my situation. I think the county should make the area safe by removal of the fallen tree and the rotten tree and bill Chamberlain. I have attached two photos that show the problem the rotten tree is close enough to hit my house in a wind storm and I hold the county and Chamberlain responsible. If this is not resolved shortly, I will have no alternative that file suit against the county of San Mateo and Chamberlain. Please respond.
