

# PROBATION DEPARTMENT COUNTY OF SAN MATEO

## Quarterly Post-Release Community and Mandatory Supervision Update January - March 2024: 51 New Supervisees

\*since realignment began in October 2011, there have been 3,079 supervisees.

FY 2023-2024 Third Quarter Highlights	
<ul style="list-style-type: none"> <li>51 new supervisees</li> <li>40 new PRCS supervisees; 11 new MS supervisees</li> <li>27% of new supervisees live out of county</li> <li>41% of new supervisees were transient</li> </ul>	<ul style="list-style-type: none"> <li>50 revocations were filed</li> <li>56% of violations were technical violations</li> <li>55% of terminations were successful</li> </ul>

**PRCS and MS Released to SMC Supervision**

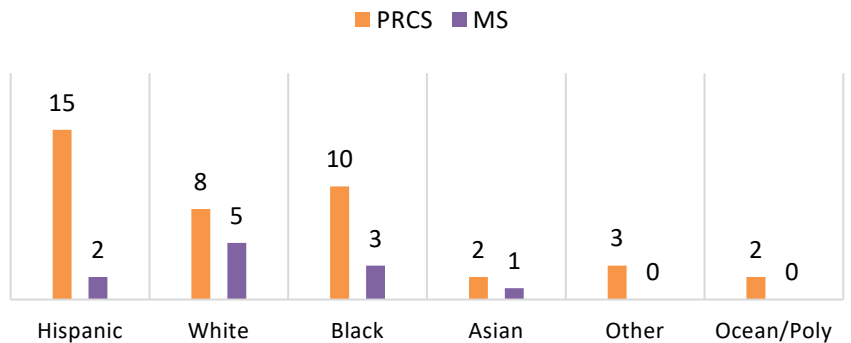

**Age**

**Gender**

**Race**

PRCS			
Brisbane	1	San Bruno	2
Daly City	2	San Mateo	1
East Palo Alto	4	South San Francisco	1
Half Moon Bay	1		
Transient	18	Out of County	10
<b>Total Supervisees</b>	<b>40</b>		

MS			
Daly City	1	San Mateo	1
Moss Beach	1	South San Francisco	1
Transient	3	Out of County	4
<b>Total Supervisees</b>	<b>11</b>		

## Terminations, Revocations and Flashes

There were twenty (20) terminations during the reporting period. Fifty-five percent (55%) were successful.

Total # of Supervisees Successfully Terminated		Total # of Supervisees Unsuccessfully Terminated	
<b>PRCS – 9</b>	<b>MS – 2</b>	<b>PRCS – 5</b>	<b>MS – 4</b>
<ul style="list-style-type: none"> <li>• Early Terminations: 2</li> <li>• Normal Terminations: 7</li> </ul>			

In the reporting period, we filed a total of fifty (50) revocations, with PRCS having forty-five (45) and MS having five (5) revocations. Of the fifty (50) revocations, there were twenty-two (22) New Law Violations. The breakdown by violation category is below:

Violation Type	PRCS	MS	% of Q3 Revocations
Violent Felonies per PC § 667.5(c)	0	0	0%
Serious Felonies per PC § 1192.7(c)	2	0	4%
Other Crimes	19	1	40%
Technical Violations	24	4	56%
<b>Total</b>	<b>45</b>	<b>5</b>	<b>100%</b>

Generally, the population is reoffending by committing crimes similar to those for which they are on Realignment, namely non-serious, non-violent, non-serious sex related crimes.

Fifty-six percent (56%) of revocations were for technical violations. Technical violations of supervision are filed when supervisees abscond or fail to abstain from substance use. It is important to note that the Probation Department usually files formal revocations after lower sanctions have been attempted, including flash incarcerations for PRCS cases. However, at times, officers may decide that a formal revocation is more appropriate than utilizing lower sanctions, depending on the circumstances of the violation. Forty-four percent (44%) of revocations filed were for new law violations involving crimes against persons, property, drug/alcohol related crimes as well as other crimes. Of the twenty-two (22) New Law Violations, fifteen (15) were misdemeanors and seven (7) were felonies.

There were fifteen (15) **flash incarcerations** during this reporting period.

Eleven (11) cases were **transferred** to another county for supervision.

---

### Recidivism Definition

**San Mateo County:** Arrest and/or Charges Filed within 3 years of Last Incarceration in San Mateo County, including warrant arrests, PTA/Court Sentence but **excludes** PRCS flash incarcerations/Revocation, 647/849B1 (no charges filed) or dropped charges.

**Attorney General:** An arrest resulting in a charge within three years of an individual's release from incarceration or placement on supervision for a previous criminal conviction.

**BSCC:** A conviction of a new felony or misdemeanor committed within three years of release from custody or committed within three years of placement on supervision for a previous criminal conviction.

## REALIGNMENT BULLETIN CY2024 Q1: JANUARY — MARCH

### Executive Summary:

Offenses committed by the supervised and in-custody realignment populations in San Mateo County during January through March (Q1) continue to show that this population commits primarily grand theft and drug related offenses. However, we also see vehicle theft, burglary, and assault in the top categories.

### Overview:

During Q1, Grand Theft (17%), Drugs & Alcohol (16%), and Vehicle Theft (12%) were the top committing offenses for the realignment population (this includes the new supervised cases and in-custody realignment offenders). Please note, "miscellaneous" refers to a number of assorted offenses that do not amount to any one category. These offenses include but are not limited to: stalking, evading, sex crime, elder abuse.

The data used for this analysis was derived from information provided by the San Mateo County Probation Department and the SMCSO Corrections Division.

### REALIGNMENT POPULATION ACTIVE CASES MARCH 2024

### Supervised Realignment Population Q1: 2022-2024

**Note:** This data was obtained from different sources (Probation and Corrections) and may overlap slightly. However, the preceding analysis provides a general picture of the San Mateo County realignment population.

**AB109 In-Custody Statistics**

PC1170(h) New Sentenced Cases	Q1 2024	Q4 2023	Q3 2023
Number of new PC1170(h) cases	47	56	66
Total PC1170(h) Days to Serve	24,505	31,211	36,294
Number of Split Sentences	14	10	14
Number of Straight Sentences	33	46	52
Average Length of Stay (ALOS) all cases (after credits applied)	150	155	133
Average Length of Stay (ALOS) Split Sentences (after credits applied)	67	137	97
Average Length of Stay (ALOS) Straight Sentences (after credits applied)	175	161	143

**Demographics of the Newly Sentenced PC1170(h) during Q1 CY2024:**

**Gender:**  
 Male = 72% (34)  
 Female = 28% (13)

**Average Age:**  
 38 years old

**Residency:**  
 19 - Out of County  
 17 - In County  
 11 - Transient/Unknown

**Mandatory Supervision Revocation**

**(MSV):** Offenders in this population were re-arrested after being released from a PC1170(h) split sentence. Some of these offenders were ordered to serve the remainder of their original sentence and supervision was revoked; others were ordered to serve a portion of their original sentence and were reinstated on mandatory supervision.

MSV Revocation Cases	Q1 2024	Q4 2023	Q3 2023

Average Length of Stay	50	43	48

**San Mateo County: In Custody (cont'd)**

**AB109 In-Custody on the Last Day of the Quarter:**

On the last day of the quarter (March 31, 2024), the total AB109 in-custody population was 11.51% (112) of the overall average daily population (973), a small increase from the prior quarter 11.46% (116) with an ADP of 1,012.

During Q1 CY2024, burglary and various other property crimes comprised the top new charges committed by the in-custody population. Please note that the category "Other Property Crimes" refers to offenses such as elder theft, receiving stolen property, embezzlement, forgery, and larceny. "Miscellaneous" refers to a number of assorted offenses that do not amount to any one category. These offenses include but are not limited to: evading, false imprisonment, stalking, and arson.

**Total Referred = 3,233** → **Total Served = 1,897** → **Total Services = 26,409**

# Service Connect BHRS Dashboard

FISCAL YEAR 2023-24 SECOND QUARTER  
SUMMARY REPORT NARRATIVE

SAN MATEO COUNTY HEALTH

## BEHAVIORAL HEALTH & RECOVERY SERVICES

*Please Note: The BHRS Service Connect Dashboard is presented one quarter in arrears to present accurate data because submission deadlines are too soon after the quarter close.*

### AT-A-GLANCE: All Time Total BHRS Referred, Served, Number of Services, or Booking Encounter

The total number of participants referred to BHRS for treatment since July 1, 2017, is 3,233 (increase of 42 during Q2) and of these, 1,897 (increase of 26 during Q2) entered treatment and/or recovery plans (participants served by BHRS and is a lower number because not all assessments result in treatment). Referred is defined as participants showing up for the first post-referral appointment and does not include those referred, but who did not follow through on the referral. This also represents the total number of services, 26,409 (both mental health and substance use treatment) provided to participants since the inception of the program.

### Open Service Connect Cases with a Service

This graph represents total Service Connect participants that received at least one BHRS service. The numbers do include participants that continued from quarter to quarter, so a participant could be counted more than once in each quarter if their case was open across multiple fiscal quarters. The Q2 count is 102, which is down since last quarter but consistent with the quantity of Service Connect clients who typically receive services in a quarter.

### Engaged Participants with Four or More Services in a Year

“Engaged” is defined as a participant receiving four or more services, meaning the participant has returned to BHRS for multiple appointments for different services, demonstrating the participant is engaged because they actively participate. Engagement is down 8% over last quarter with a trend of declining engagement.

### Percent of Participants with Substance Abuse Recovery Plan or a Mental Health Treatment Plan

This graph presents the percentage of participants who had a mental health treatment plan or a substance abuse recovery plan. Recovery plans are typically at a rate of two to one as compared to a mental health treatment plan. However, this quarter is the highest rate for AOD treatment plans, which represent a significant trend.

### Living Situation Upon Program Admission and Discharge

This graph shows the living situations of participants at the time the participant was admitted to the program and then the living situation when discharged from the program. The purpose of

this measure is to monitor the service impact on improvement of the living situation of the participant. Q2 shows upon discharge from Service Connect that all participants in this reporting period were homeless upon discharge, which is very discouraging.

### Total Individuals Referred to Service Connect and Total Admitted for Services

Not all individuals referred to the program meet the assessment criteria for admission to the program, so this graph measures the difference between the number of persons referred and the number that are admitted and served for each quarter. The results for Q2 demonstrate an increase in referrals and increase in the number served, as well as an upward trend, but still low overall.

### Social Orientation and Gender Identity (SOGI) Data

BHRS collects SOGI data in five categories at admissions and across the life of a case to inform other levels of government of the needs of all populations. Q2 indicates a change in Sexual Orientation with 2 reporting as Bisexual, 2 as Lesbian/Gay, and 1 as other. For the first time ever, 1 participant indicated their pronouns are They/Them.

### Correctional Health Services

Correctional Health data presents the total participants that flow through Correctional Health by quarter. The counts represent the participants who were screened, medically treated, and referred for mental illness and substance abuse treatment. An adjustment was made as prior quarters were reporting all screen inmates and this quarter reflects AB109 only.

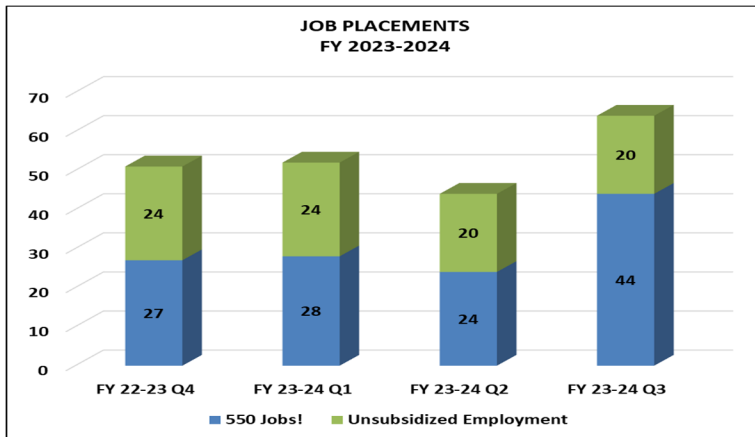

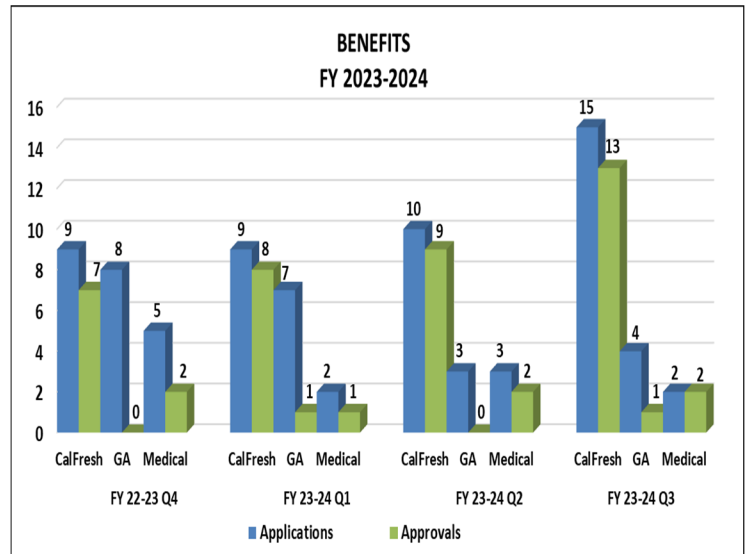

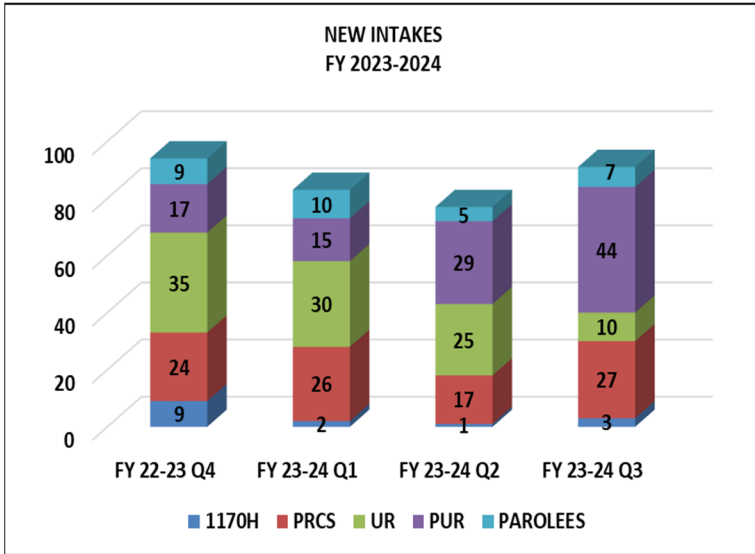

### Service Connect Cases with PES Counts

A Psychiatric Emergency Services (PES) count is when a Service Connect participant has presented themselves at PES. Those participants that were not admitted are shown as a “visit” and those admitted are shown as “inpatient.” Involvement with PES is only counted if enrolled in Service Connect—counts do not include episodes when subject was not a participant in Service Connect. Q2 was an outstanding quarter with only 6 PES visits and no hospitalizations.

---

*FY 23-24, Q3 (January 2024 – March 2024)*

## New Intakes

- There were 91 intakes in Q3.
- Intakes in Q3 by program type: 48% Probation UR, 33% AB109, 11% UR, 8% Parolees.
- In coordination with Sheriff's Office, 5 virtual intakes were completed in Q3 accounting for 5% of intakes.

## Eligibility/Benefits

- There were 21 applications received and processed in Q3: 15 CalFresh, 4 General Assistance, 2 Medi-Cal.
- There were 16 applications approved in Q3: 13 CalFresh, 1 General Assistance, 2 Medi-Cal.
- Denied applications totaled 2: 1 CalFresh, 1 General Assistance. Reason for application denial was failure to provide verifications.
- There was one application withdrawal.

## Employment Services

- In Q3, 64 individuals obtained employment: 550 Jobs! comprised 69% and unsubsidized employment 31%.
- Services, retail, and health & counselling were the top 3 businesses that employed individuals in Q3.
- Average wage per hour for unsubsidized employment was \$21.01.
- Total of 47 individuals received job development services in Q3.

## Services Provided

- Food assistance was the most requested service in Q3: 496 meal vouchers, 67 Safeway cards, 50 food totes were issued serving an average of 56 individuals per month.
- Transportation and communication were the second most requested service: 121 monthly bus passes, 62 bus tickets, 12 phones, and 16 phone cards were issued serving an average of 53 individuals per month.
- Other services provided were personal supportive items. Individuals were provided with 55 Target cards, 55 hygiene kits, and 15 Kohl's clothing vouchers.
- In Q3, there were 30 individuals who utilized the motel voucher program and 16 individuals provided with shelter bed placement.

## Peer Support Services

- There were 60 individuals who received peer support services in Q3.
- Total support services provided: 81 face-to-face meetings, 32 phone check-ins, 27 transportation, 23 administrative support, 6 warm hand-off, 4 provider support, 3 motel visits, 2 court appointments' support, and 1 medical support.
- Iron Sharpens Iron support group had 29 participants over 11 meetings and provides a platform to discuss various barriers to successful reentry.
