

FY 2023-24 Community Corrections Partnership Survey PART A – TEMPLATE ONLY

Part A of the Fiscal Year (FY) 2023-24 Community Corrections Partnership (CCP) Survey collects information about CCP Membership and implementation of the county’s CCP plan. For detailed guidance on how to complete Part A of the CCP Survey, please refer to the [CCP Survey Data Reporting Guide](#).

Part A is divided into five (5) sections:

- Section 1: Respondent Information
- Section 2: CCP Membership
- Section 3: Goals, Objectives, and Outcome Measures
- Section 4: Types of Programming and Services
- Section 5: Optional Questions

When applicable, use **person-first language** and terminology that eliminates potential generalizations, assumptions, and stereotypes.

Responses to the CCP Survey shall represent the collective views of the CCP and not a single agency or individual.

SECTION 1: RESPONDENT INFORMATION

Section 1 asks questions related to the county for which survey responses are provided, the individual who is completing the survey, and who BSCC may contact for follow-up questions. There are three (3) questions in this section.

1. Please identify the county name for which this survey is being submitted: San Mateo
2. Provide the contact information for the individual completing this survey in the spaces provided to the right of the list.

Survey Respondent Contact Information	
Name:	Melissa Larrarte
Organization:	Probation
Email Address:	mlarrarte@smcgov.org
Phone Number:	650-444-1490

3. Identify the individual who may be contacted for follow up questions. Check the appropriate box to the left of the list.

- Same as above
 Other (If "Other" is selected, provide contact information below)

SECTION 3: GOALS, OBJECTIVES, AND OUTCOME MEASURES

Section 3 asks questions related to the CCP’s goals, objectives, and outcome measures. Please refer to the [CCP Survey Data Reporting Guide](#) for detailed information about goal and objective statements, and outcome measures.

Updated Information on FY 2022-23 Goals, Objectives, and Outcome Measures

Questions 8, 9, and 10, ask the CCP to provide *updated* progress information about the goals, objectives, and outcome measures previously reported for FY 2022-23 in the 2022-23 CCP Survey.

For each question, provide the goals, objectives, and outcome measures as reported in the FY 2022-23 survey. The progress information (last two rows of each table) should be updated to reflect the progress achieved over the full fiscal year.

- Describe a goal and the associated objectives as reported in the FY 2022-23 CCP survey. Please provide updated progress toward goal information to reflect the progress achieved over the full FY 2022-23. If no goal, objective, or outcome measure was identified in FY 2022-23 respond by indicating “Not Applicable.”

Information on FY 2023-24 Goals, Objectives, and Outcome Measures

11. For FY 2023-24, will the CCP use the same goals, objectives, and outcome measures identified above from FY 2022-23? Check the appropriate box to the left of the list.

- Yes. (Skip to Section 4)
- No. The CCP will add and/or modify goals, objectives, and outcome measures (Continue with section below)

Questions 12, 13, and 14, the CCP is asked to describe a goal and its associated objectives and outcomes for FY 2023-24. For the goal, also provide information about the current progress toward the stated goal. As survey responses are due mid-year, progress information for these goals over the full fiscal year will be requested as part of the FY 2024-25 CCP Survey.

12. Describe a goal for FY 2023-24 and one (1) or more of its associated objectives and outcome measures. Please provide any information about progress toward the goal thus far in the fiscal year. If no goal, objective, or outcome measure was identified in FY 2023-24, respond by indicating "Not Applicable."

SECTION 4: TYPES OF PROGRAMMING AND SERVICES

Section 4 asks questions about the types of programs and services provided during FY 2022-23. For each type of program or service provided, identify the agency(ies) that provide the program or service and at what stage(s) the program or service is provided (in-custody, supervision, other). Please refer to the CCP Survey Data Reporting Guide for the BSCC’s definition of each type of program and service listed and the stage(s) of program or service.

SECTION 5: OPTIONAL QUESTIONS

Section 5 asks optional questions about evaluation, data collection, programs and services, and local best practices. There are 9 questions in this section. Responses will be used by the BSCC and its justice-system partners to better understand the needs of counties. If the CCP chooses not to answer an optional question, please respond “Decline to Respond.”

- 15.** Describe the process the CCP uses to determine potential programs and/or services for local implementation using Realignment funds.
>Quarterly, the CCP is presented with data related to current programs and services from county departments namely Probation, Human Services, Behavioral Health and Recovery Services, and the Sheriff’s Office using Realignment funds. These reports include performance measures that each of the departments use to monitor the effectiveness of the services they provide to clients. These departments also conduct all their data entries into one centralized case management system – Efforts to Outcomes/Social Solutions. The data from this system is what the county uses to also look at program effectiveness. Additionally, through the LEAN continuous process improvement that the County implemented in 2016, there is now an opportunity to look more in depth at the programs and services being offered.
- 16.** Does the county evaluate the effectiveness (as defined locally) of programs and/or services funded with its Public Safety Realignment allocation? Check the appropriate box to the left of the list.

Yes
 No

If yes, explain how.

>San Mateo County includes performance measures and goals in the contracts executed with community-based organizations (CBOs). In our Request for Proposal (RFP) documents, the County establishes that all those who apply must be able to meet performance goals and measures as well as maintain files and records for reporting requirements. CBOs awarded CCP grants work closely with County staff to ensure that these goals are met or if there are improvements that are needed to maintain effective service delivery to clients.

In November 2017, San Mateo County released a Request for Proposals (RFP) for program evaluation services related to the implementation and collective impact of the County’s AB 109 Public Safety Realignment Services. San Mateo County contracted with Research Triangle Institute (RTI) in April 2018. RTI evaluated AB 109 evidence-based services and the impact of these services on positive participant outcomes to understand the extent to which these services have a basis in evidence, and cost-effectiveness of services for improving short, intermediate, and long-term outcomes among participants. The final technical report was completed in October 2019.

17. Does the county consider evaluation results when funding programs and/or services? Check the appropriate box to the left of the list.

Yes
 No

If yes, explain how.

>San Mateo County is committed to ensuring that the programs and services provided to the realignment population truly help clients become productive members of the society and can assist them as they reenter their own communities. Monthly multi-disciplinary meetings are held to assess the effectiveness of client centered programs. These are also reported to the CCP on an as-needed basis.

18. Does the county use BSCC definitions (average daily population, conviction, length of stay, recidivism, and/or treatment program completion rates) when collecting data? Check the yes or no box to the left of each BSCC Definition listed, as applicable.

Yes	No	BSCC Definition
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Average daily population
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Conviction
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Length of stay
<input type="checkbox"/>	<input checked="" type="checkbox"/>	Recidivism
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Treatment program completion rates

19. What percentage of the Public Safety Realignment allocation is used for evidence-based programming (as defined locally)? Check the most appropriate box to the left of the list of percentages.

Percent for Evidence-Based Programming	
<input type="checkbox"/>	Less than 20%
<input type="checkbox"/>	21% - 40%
<input type="checkbox"/>	41% - 60%
<input type="checkbox"/>	61% - 80%
<input checked="" type="checkbox"/>	81% or higher

20. We would like to better understand the county's capacity to offer mental health, substance use disorder, behavioral health treatment programs, and/or other services. What type and level of services are now available?

>The San Mateo County Sheriff's Office has enhanced its in-custody program delivery model to ensure that offenders have access to meaningful services and programs that will aid in their reentry back to their communities. The Sheriff's Office screens and prepares incarcerated persons (IPs) for reentry services. In FY 22-23, the Sheriff's Office assessed 818 IPs for Service Connect eligibility and reentry discharge planning. In addition, the in-custody case managers worked with 87% of IPs. At the end of FY 22-23, the Sheriff's Office offered over 20 in-custody programs and served over 2,000 individuals. The programs fall into four categories: cognitive and substance abuse programs; education/literacy; vocational; and activities. We also offer religious

services, but do not include this category in the count of programs or inmates served. The programs offered within each category are broken down as follows:

Cognitive Programs:

Conflict Transformation & Anger Management

The Courage to Change

Domestic Violence

Enneagram Prison Project

Hope Inside for Men

Hope Inside for Women

Thinking for a Change

Substance Use Disorder Program (Matrix Model, Start Now, SUD Counseling)

Vocational:

Construction Pre-Apprenticeship Program

Culinary Arts and Hospitality Program

Job Readiness and Success Coaching

Service Connect Employment Workshop

Educational:

Five Keys Schools & Programs

San Mateo Adult School (SMUHSD) for English as a Second Language

Stanford Prison Education Project (S-PEP)

Stanford Prisoner Advocacy and Resource Coalition (SPARC)

Wellness:

Mindfulness-Based Meditation

IAHV Prison Program & Sudarshan Kriya (SKY) breath work and breathing meditation program

Yoga

Other Programs/Activities:

Arts in Corrections

Behavioral Health provides mental health services to individuals eligible for Medi-Cal and/or members of the Health Plan of San Mateo through outpatient clinics and a network of community agencies and independent providers offering outpatient services, residential treatment, rehabilitation, and other services. Our county created the Service Connect Program as a multi-departmental partnership to meet the reentry needs of our realigned population. We have since expanded eligibility to a larger portion of our reentry population, including a small pilot group of state parolees. In March 2021, Probation Unified Re-entry were able to access Service Connect from Probation. The Service Connect Behavioral Health team screens for care needs including medical, mental health, and substance use recovery. Mental health providers at Service Connect assess, diagnose, treat, and offer clinical case management to our

clients. This includes psychiatry offered on site and arranged through our county's clinics and provider network. Behavioral Health contracts with Telecare Corporation in a full service partnership to meet broader needs such as housing, rep payee, and most health care for severely mentally ill adults who require such extensive service.

Clients receive peer support from individuals with lived criminal justice, rehabilitation, and recovery experience. Both Human Services Agency and Behavioral Health employ peer mentors to accompany new clients from custody to our program site. These experienced and skilled peers might also guide clients through any of the service contacts they need to complete anywhere within the health system or other service systems. Service Connect peer mentoring services include peer-led meetings, a platform where various barriers to successful re-entry are discussed. Behavioral Health additionally contracts with Voices of Recovery, a peer organization, for group and individual support to clients on site and in the community.

Behavioral Health and Recovery Services offers a broad range of services for the prevention and treatment of drug and alcohol disorders. We administer funds from federal, state and local sources and provide substance use consultation, assessment, linkages, and referrals to a network of contracted community-based substance use treatment providers throughout the County.

Alcohol and Other Drug treatment services include: detoxification, outpatient, residential, and medication assisted treatment. Services are available to San Mateo County residents on sliding fee scale. No one is turned away for lack of funds. Pregnant and parenting women receive priority admission.

Assessment

The Alcohol and Other Drug Services (AOD) staff provides assessment services to San Mateo County residents involved in court programs, CalWORKs, Child Protective Services, Prop 36, Shelter Network, other county programs. After assessment, clients gain referrals to appropriate substance abuse treatment providers. Clients may also receive referrals to other supportive programs to receive services such as counseling, job training and placement, housing resources, and childcare.

Ancillary Services

Through co-location with Human Services Agency, including Vocational Rehabilitation Services, Service Connect assessors/case managers coordinate closely on site with social workers, benefits analysts, vocational rehabilitation counselors, and job developers. Through referrals, clients may access a much broader range of services in education, parenting, citizenship, etc.

Detoxification Services

These facilities provide 24-hour, supervised, non-medical withdrawal from alcohol and other drugs.

Drug Court

As a specialized program, the San Mateo County Drug Court addresses the needs of nonviolent, drug-dependent defendants. Those eligible for Drug Court may participate in it instead of serving a County Jail sentence. A participant must attend all court reviews, enroll and complete a substance abuse treatment program, submit clean drug tests, and abide by any other directives of Drug Court. The Drug Court utilizes a team case management approach to serve the clients. The "team" is comprised of the judge (team leader), probation officers, OR program, prosecutors, defense attorneys, AOD Services Case Managers/Assessment Specialists and treatment professionals. The team works collaboratively to develop a strategy to address the client's needs in an effort to decrease the likelihood of relapse, re-offense, and re-entry into the criminal justice system.

Outpatient Treatment

Outpatient sites offer flexible service intensity matching the acuity of recovery need. This includes individual, group, vocational, and educational counseling offered during convenient hours, including evenings.

Prevention Services

Information and referral, education, and support services are available both to the community at large (including people in the earliest stages of experiencing alcohol and other drug problems) and for family members and significant others of clients enrolled in the managed care system.

Residential Treatment

Residential treatment consists of structured, live-in programs at licensed treatment facilities for men, women, and women with children ages five and under. The treatment goal here is client stabilization. Services include individual, group, vocational, and educational counseling. Our County has dedicated funding to cover 90-day residential treatment courses for our realigned and some reentry populations.

Transitional Housing

This service is geared exclusively for those in outpatient treatment who either need a safe environment or who require temporary housing. It provides a great opportunity for clients to develop a support system while receiving outpatient services. There is also specialized housing for women in reunification. Our county has dedicated funding to cover 60-day transitional housing stays for our realigned and some reentry populations.

Special Programs

Addiction Medicine and Therapy Program

This outpatient program offers medication assistance treatment for opioid addiction. The program offers both medically supervised withdrawal and maintenance treatment for persons who are opiate-dependent. Treatment requires rehabilitation counseling and offer clients HIV counseling and testing.

Integrated Medication-Assisted Treatment (IMAT) Program

Launched in 2015, this program works closely with emergency departments and County/Community providers to coordinate outreach, assessment, prescription, and

ongoing administration of medication to help adults recover from substance dependence, including alcohol dependence.

Perinatal Services

Intensive individual and group counseling is available for pregnant and parenting women. Opiate-dependent women may receive medically supervised methadone maintenance or detoxification treatment. Programs focus on women's issues, domestic violence, and parenting. Children through age three may join on-site child care.

Assisted Outpatient Treatment

In 2016, Behavioral Health and Recovery Services implemented an Assisted Outpatient Treatment program, including a full service partnership with Caminar LLC (in accordance with Laura's Law) to address members of our community who present a severe mental illness without a demonstrated ability to participate voluntarily in mental health treatment. This program has continued to reach an expanded population, facilitating entrance to mental health services.

Organized Delivery System for Drug Medi-Cal

In February 2017, Alcohol and Other Drug Services implemented with contracted local providers an organized delivery system for recovery services funded by Drug Medi-Cal. This shift in service delivery has included application of American Society of Addiction Medicine standards in defining levels of care and continually assessing client need and appropriate placement.

Whole Person Care Pilot

San Mateo County's Health System, in collaboration with existing reentry partnerships and a broad range of providers and community supports, is piloting an intensive program of case management and care coordination prioritizing the medical needs of homeless county residents, closely attending overlaps with substance recovery, mental health and other needs impacting this population.

Human Services Agency provides the following services:

Case Management: Human Services Agency Social Workers provide comprehensive case management and complete a intake assessment. A case plan is created to help individuals stay focused on their goals for reentry. Case managers will coordinate services between providers and make necessary referrals to ensure needs are being met and individual goals accomplished.

Employment Training Program: Human Services Agency provides subsidized job training experience in a simulated work environment. Eligible individuals can begin training immediately post incarceration and begin collecting a pay check after completing three weeks of paid training. The Employment Training Program offers individuals the opportunity to attain a forklift and California Food Handler Certificate. During their time in the paid training program, a Vocational Rehabilitation Counselor is assigned to provide vocational support and assessment of employment skills.

Employment Workshops: Workshops are provided on a rotating basis to offer educational opportunities to individuals seeking to gain additional skills related to employment. Individuals enrolled in the Employment Training Program are paid to attend the trainings. Workshops can be offered in both English and Spanish.

Job Development: The Job Developer works with individuals to obtain unsubsidized employment. They assist with the creation of a resume, completing job applications, job search, developing interview skills, and connecting to employers in the community. Targeted recruitments are held throughout the year with employers that are background friendly. Job coaching is available if additional support is needed after placement in unsubsidized employment.

Peer Mentors: Peer Support workers utilize “lived experience” with the justice system to provide emotional support and personal examples of how they overcame barriers to reentry. Peer Support promotes engagement, encouragement, and demonstrates that even with justice involvement and other barriers, success is possible.

Support Groups: Human Services Agency offers support group to help individuals work through barriers to reentry.

Engagement Events: Engagement events are held throughout the year to demonstrate pro-social positive activities with the community and life-skills training. Some of the events offered include affordable cooking lessons, community sponsored cultural events, and a graduation celebration.

Benefits and Emergency Assistance: Human Services Agency provides same day service to apply for medical coverage, General Assistance, CalFresh, CAPI, and CalWORKS through coordination with the Benefit Analyst. Social Workers and the Benefit Analyst work in tandem to support individuals with completion of applications and supporting documents, enhancing their connection to services. Post release temporary assistance packages are available to support individuals with basic needs such as: emergency food and clothing, transportation support, connection to emergency housing services, hygiene kits, and other support services.

Housing: Service Connect Human Services Agency works collaboratively with the Center on Homelessness through a single point of entry system for housing. This also includes temporary housing for individuals and their families until they can make long term housing arrangements. The emergency housing consists of a motel voucher program and five shelter placements at the Navigation Center (pending availability).

21. What challenges does the county face in meeting the above program and service needs?

>A decrease in the number of individuals pursuing law enforcement careers, plus the lengthy recruitment process will continue to pose challenges for the county in service delivery. Limited sworn staffing impacts program delivery due to facility lockdowns,

limited time slots for outside providers to enter the facility, limited access to the incarcerated individuals, and other related challenges.

22. What programmatic changes and/or course corrections has the CPP made in the implementation of Public Safety Realignment that it believes other counties would find helpful?

>Doxy.me has been adopted by both Health and Human Services Agency to provide virtual face to face meetings between staff and clients. Staff have added technology discussions to intake process to equip those post incarceration for limitations and changes to service delivery due to COVID-19. Clients get referred to the community resources to receive the free cell phones. Clients can access technical support at three Resource Centers located in Belmont, Redwood City, and Daly City. Additionally, they can make use of the Resource Room at Quarry, San Carlos.

To ensure effective collaboration of inmate case planning, the Sheriff's Office and Correctional Health continue bi-weekly Coordinated Services meetings. The meetings serve to enhance the collaboration between In-Custody Case Management services and Correctional Health when providing in-custody case planning and service delivery to inmates. In addition, the Coordinated Services meetings ensure that the inmate is being provided services and evaluated within a holistic context to enhance their success at reintegration into the community.

23. Describe a local best practice or promising program that has produced positive results. If data exists to support the results, please share.

>San Mateo County continues to provide a collaborative service delivery model for AB109 clients through all 5 departments that serve the justice-involved population. Service Connect is the out-of-custody reentry program. This is a separate office housing both the Human Services Agency and Behavioral Health and Recovery Services to provide a range of services aimed at supporting AB109 clients as they re-enter the community. Services include:

- Temporary emergency shelter and food
- Transportation and clothing vouchers
- Employment services – job training and placement
- Mentorship
- Case management
- Health services – screening and treatment for mental health and substance abuse, wellness checks and dental care

ATTENTION: This concludes Part A of the FY 2023-24 CCP Survey.

Please complete [Part B](#) in Microsoft Excel which consists of two (2) budgetary sections and upload into the BSCC-Submittable online portal.

Optional Highlight or Success Story – upload into the BSCC-Submittable portal

In addition, to produce a more comprehensive report on the implementation of realignment, we are asking for a brief, one-page, visually appealing, highlight or success story that provides implementation information related to the county's Public Safety Realignment success. This highlight may include optional graphs, charts, photos, or quotes. Photos of programs in action along with quotes from program participants and/or community partners do not need to provide identifying information. The highlight or success story provided may be published in the *2011 Public Safety Realignment Act: Twelfth Annual Report on the Implementation of Community Corrections Partnership Plans*. While every effort will be made to include these in the report, inclusion is not guaranteed. Note: Ensure any individual(s) in the photos have given their consent for use/publication and do not submit any photos that include faces of minors (youth under the age of 18).

Submission Instructions

The complete CCP Survey package, including all attachments, shall be completed and submitted through the BSCC-Submittable online portal **by December 15, 2023**.

Please be aware that a complete CCP Survey package, including an updated CCP plan, MUST be submitted to the BSCC to receive compensation.

NOTE: *The information provided in the CCP Survey package will be made public by the BSCC in the annual report to the Governor's Office and the Legislature on the implementation of Community Corrections Partnership plans on the BSCC website.*

**FY 2023-24 Community Corrections Partnership Survey
PART B**

Part B of the CCP Survey collects information about the allocation of Public Safety Realignment dollars.
For detailed guidance on how to complete Part B of the CCP Survey package, please refer to the FY 2023-24 CCP Survey Data Reporting Guide at:
https://www.bscc.ca.gov/m_realignment/

The first question in this file, question 24, requests the name of the county for which the survey is being submitted.

Following the identification of the county, Part B is divided into two sections:

Section 6: FY 2022-23 Public Safety Realignment Funding Allocation

Section 7: FY 2023-24 Public Safety Realignment Funding Allocation

24. Please identify the county for which this portion of the survey is being submitted:

County Name: San Mateo

SECTION 6: FY 2022-23 Public Safety Realignment Funding Allocation

Section 6 contains questions related to the allocation of FY 2022-23 Public Safety Realignment dollars. There are three (3) questions in this section.

When answering these questions, consider the funds allocated in FY 2022-23 and include any monies from 2021-22 growth funds and 2022-23 programmatic funding.

25. Of the total funds received in FY 2022-23, how did the CCP budget the allocation? Input the total allocation in the cell above the table. Within the table, identify where funds were allocated to, and include if the county used any carry-over funds (monies from previous annual CCP allocations) and/or if the county put any funds into a reserve fund (i.e., funds specifically set aside to be used when budget is disrupted or decreased so operations can continue). Please correct the information provided if there is a difference showing between the stated total allocation and the calculated amount (directly below the table). Differences will automatically display in red. **Please correct any cells displaying red prior to submitting.**
