****MEETING NOTICE****

**RECONSTRUCTION OF NORTH STREET FROM
STAGE ROAD TO PESCADERO CREEK ROAD**

Dear Resident:

The County of San Mateo Department of Public Works (Department) is currently in the design phase for the Reconstruction of North Street Project (Project). The Project limits on North Street are from Stage Road to Pescadero Creek Road. The existing width of North Street varies from 20 to 24 feet and the Project is being designed to retain the existing roadway widths. The Project consists of reconstructing North Street by cement treating the roadway base and placing asphalt concrete over the treated base. Aggregate base will be placed along the roadway shoulder areas where it currently exists and where it is necessary for roadway connectivity or to maintain existing drainage patterns. Shared roadway bicycle pavement markings ("sharrows") and share the road signs will be placed along the length of the Project. The school pedestrian crossing signs at the Pescadero Elementary School will be replaced with higher visibility edge lit signs. The Project will be competitively bid and is scheduled to go out to bid in July 2015.

The Department will hold a public meeting to provide an overview of the Project and answer questions you may have regarding the Project. The public meeting is scheduled for:

Wednesday, May 20, 2015, 7:00 P.M.

at the

**Multi-Purpose Room
Pescadero Elementary School
620 North Street, Pescadero**

Please contact Matthew Ruble or Robert Enriquez of my staff at (650) 363-4100 if you have any questions. They can also be reached by e-mail at:
