Wreco	Category 1 Engineering Design and Category 5 Hydraulic and Hydrologic Engineering
ZFA Structural Engineers	Category 3 Structural Engineering

The County intends to have the proposals submitted in response to the Request for Proposals (RFP) available for public inspection at the Department's office by 5:00 pm on Tuesday, September 22, 2015. If a proposer believes that a portion of their proposal is confidential, they should notify Gil Tourel with the Department by fax at (650) 361-8220 no later than 12:00 pm on Friday, September 18, 2015. In the notification, the proposer should assert any applicable privileges or reasons why the documents should not be released, and its intent to obtain a court order prohibiting disclosure.

A proposer may submit a written protest to the County of San Mateo Director of Public Works. Such written protest must be submitted by 5:00 pm on Tuesday, September 29, 2015. The protest must be in writing.

The protest shall state the reason(s) for the protest. A protest that merely addresses a single aspect of the selected proposal, e.g., an irregularity in proposal format, will not be sufficient. A successful protest will include sufficient evidence and analysis to support a conclusion that the selected proposal taken as a whole is an inferior proposal. The decision of the Director of Public Works and Parks on the protest shall be final.

Regards,
County of San Mateo
Department of Public Works
